TO DIVIDE OFFICES AMONG CLAIMANTS

HOUSE PATRONAGE CAUSING A LIVELY SCRAMBLE.

Congressman Aldrich, of Illinois, thinks the East is slated for too many plums—wants more of the good things for the West—the wants of states.

Washington, Nov. 21.—The contest for congressional offices is growing more spirited, and friends of the several candidates show increasing anxiety. The contest over the house offices is becoming sharp and bitter. Congressman Aldrich, of Chicago, who is recognized as a leader at the headquarters of General Henderson, of Illinois, candidate for clerk of the house, says:

"The two states of Kentucky and Pennsylvania have largely monopolized the offices of speaker and clerk, having an aggregate of fifty-two years to their credit, while no elective office has ever gone west of the Mississippi river, save to Minnesota, with one postmaster. The Eastern and Middle states have had the lion's share, having furnished the speaker and clerk for eighty-one years. These states in the next house will have ninety republican members, and without contest will have the speaker-

"It is now proposed to make a 'combine' that will give to two of these states, besides that of speaker, the important office of clerk, and also that of doorkeeper, which last two offices have nine-tenths of the patronage of the house, while the Eastern and Middle states furnish less than four-tenths of the republican membership. The Southern states in the Forty-seventh congress, with a republican membership of fourteen out of a total republican membership of 150, were again given that office. The Western states will have 121 republican members in the next house, and have had but three out of thirty speakers, and two clerks, with one term each, out of twenty-two.

"The Southern states will have a republican membership in the next house of thirty-three, nearly two-fifths of the Eastern and Middle states membership, and yet it is intended by the proposed 'combine' to completely ignore those states. The West should have the second office of the house on considerations of geographical propriety, which have always governed in the organization of the house, as well as in all national conventions of both parties; while the South, with its steadily increasing Republican representation, should have, as in the Forty-seventh and Fifty-first congresses, the office of doorkeeper.

"When the speaker has come from the Eastern or Middle states the clerk has come from the West or South. When the speaker was taken from a Southern state the clerkship went to a Northern state, as illustrated in the last two congresses, in which the speaker and doorkeeper were from Southern states, the clerk from a Northern or Middle state, and the sergeant-at-arms and postmaster from Western states.

"The claim that Pennsylvania is entitled to the clerkship is absurd. That state presents as a candidate a gentleman who served one term, and who, it is stated, without denial, refused re-nomination, with the pledge that he should be the clerk of the next house of representative, if it was Republican. Have the Republican members of the house of representatives of the Fifty-fourth congress surrendered their functions and privileges in respect to the selection of their officers to a United States senator from, and a private citizen of, the state of Pennsylvania, in order that these two gentlemen might arrange the local politics and patronage of that state to their liking?"

RE-ELECT SOVEREIGN.

Knights of Labor Again Honor Their General Master Workman.

Washington, Nov. 21.—The proceedings in the Knights of Labor general assembly took rather a sensational turn yesterday afternoon, growing out of some harsh criticisms passed upon various local assemblies by the general officers. In executive session, assembly No. 49 of New York retaliated with charges of general mismanagement against General Master Workman Sovereign, whereupon the latter resigned. But the great majority of the delegates sided with Sovereign, and after a very heated debate he was triumphantly re-elected. His majority was largely in excess of the requisite two-thirds. Today the assembly will consider and act upon a proposition to enforce a general boycott against the Lorillard Tobacco company.

It is expected that the general assembly will conclude its work by Saturday and adjourn sine die. Rochester, N. Y., is likely to be selected as the place of meeting next year. Hot Springs and Little Rock, Ark., and Dallas, Texas, have been suggested, also.

Earthquake in Delaware.

Wilmington, Del., Nov. 21.—Residents of Claymont, six miles north of this city, report having felt a severe earthquake shock early yesterday. At Linwood, Pa., a short distance from Claymont, the shock was also felt.

To Answer Bribery Charges.

Springfield, Ill., Nov. 21.—The trial of Representative Milroy H. Gibson, of Chicago, on the charge of accepting a bribe is set for today in the circuit court.

WE WILL LOOK ON.

United States Not to Interfere in the Eastern Question.

Washington, Nov. 21.—A gentleman who holds close relations to the administration says the attitude of the government in the Eastern crisis as developed at recent cabinet meetings will be this: There will be no attempt on the part of this government to interfere in any joint movement of the powers looking to coercion of the sultan or dismemberment of the Turkish empire. The presence of our men of war near the scene of disturbances will be only for the purpose of emphasizing the demands of this country for a fulfillment of treaty obligations toward American citizens on the part of Turkey. The advisers received up to date indicate that not a single American missionary or teacher has been personally assaulted, and that the destruction of mission property was probably due to attacks upon the native Christians, in which the missionary property incidentally suffered, and for which reparation will be demanded.

Unitarian Conference Elects Officers.
Brooklyn, N. Y., Nov. 21.—The Unitarian conference of the middle states and Canada began the actual business of the convention yesterday. A number of interesting papers were read and committees appointed. The following officers were elected: President, Dorman B. Eaton; vice presidents, Robert Collier of New York, Mrs. John P. Illsley of Philadelphia, Mr. Henry B. Wills of Plainfield, Rev. Thomas R. Slicer of Buffalo, Rev. Joseph Lay of Philadelphia and Mr. Franklin W. Hooper of Providence; secretary, Rev. D. W. Moorhouse of New York.

Defaulter Cashier Arrested.

Duluth, Minn., Nov. 21.—Charles H. Stuckey, cashier of the broken State bank of this city, who fled Oct. 17, taking with him, it is alleged, some \$15,000 of the bank's money, is a prisoner at the central police station here, having been arrested yesterday at Perley, a little Wisconsin town out in the woods. The whereabouts of the cashier were divulged by a young lady whom he met at a dance at Perley. She wrote to Chief of Police Armstrong of this city, and the arrest of the alleged embezzler followed.

Cuban Insurgents Rout.

Pittsburg, Pa., Nov. 21.—The Dispatch publishes a letter from its special Cuban correspondent, who is on the field near Cumanajagua, in which he gives details of a battle at Jutia, near Cienfuegos. He says the insurgents, numbering 450, were defeated by 150 Spanish soldiers, through the negligence of the insurgent commander, Col. Jose Gonzales, who failed to mount any guards for the protection of his camp. The Cuban forces swear vengeance upon Col. Gonzales, and he will probably be shot.

All Sentenced to Joliet.

Princeton, Ill., Nov. 21.—The motion for an arrest of judgment in the Spring Valley race war case was overruled by Judge Stipp yesterday, and the eight defendants who were refused a new trial were sentenced to Joliet penitentiary. Judge Stipp also sentenced Raymond Jordin, who turned state's evidence, to the penitentiary, but later, on motion of State's Attorney Johnson, set the order aside and instead fined him \$50 and costs.

Boy Train Wreckers Confess.

Rome, N. Y., Nov. 21.—Hildreth, Hibbard and Lato, three of the lads implicated in the wrecking of the New York Central train near this place Tuesday morning, have made a full confession. Bristol, the fourth of the gang, denies his guilt. They will be put on trial for murder in the first degree, but owing to their youth it is likely they will be only convicted of murder in the second degree, the penalty of which is imprisonment for life.

Arrested After Many Years.

St. Joseph, Mo., Nov. 21.—John O'Connor, who was short in his accounts as postmaster at Maryville, Mo., thirteen years ago, and who was captured at Monett, Mo., was brought here yesterday and bound over to the federal grand jury. In default of bail he was sent to jail. O'Connor has been going under the name of Hyland, and was admitted to the Soldiers' Home at Leavenworth under that name.

Balfour Found Guilty.

London, Nov. 21.—Jabez Spencer Balfour, George Edward Brock, John Thomas Wright, and Morrell Theobald, charged with fraud and other offenses in connection with the management of the Liberator Group of Friendly companies, were found guilty. Sentence was postponed. George Dibley, who was tried on the same charges and with the other Liberator defendants, was acquitted.

Hayward's Sentence Confirmed.

Minneapolis, Minn., Nov. 21.—The supreme court yesterday filed its decision in the Hayward murder case, sustaining the lower court and refusing a new trial. Hayward is under sentence of death for the murder of Catherine Ging.

Harry Hayward turned pale when the decision was announced to him, but would say nothing more than, "It was just what I expected." He is apparently without hope. County Attorney Nye, to whom Gov. Clough has referred the fixing of the date of execution, will name Dec. 6 as the date.

Kurds Shot by Russian Troops.
Odessa, Nov. 21.—It is stated in Kars, which is located on the Arpa-Chai river, 100 miles northeast of Erzeroum, that the Russian frontier guards have killed or captured numerous Kurds, who have been engaged in pursuing Armenians trying to escape. Three Armenians, who have just arrived at Kars, say that they are the sole survivors of an Armenian village which numbered 1,000 inhabitants before the massacre.

THE SULTAN YIELDS AND WILL DO RIGHT

WILL PERSONALLY DIRECT REFORMS IN ARMENIA.

Threatened Naval Demonstration Said To Be the Cause of This Change in the Plans of the Sublime Porte—Powers Will Support the Sultan—Sanctions Reform Scheme.

Constantinople, Nov. 21.—The attitude of the porto, or of the sultan, has undergone a decided change since the other fleets began to join the British fleet in the naval demonstration in Salonica Bay. There is no doubt that the pressure brought to bear upon the sultan has been strong enough to make him take personal charge of the work of reform in Armenia, and it is now hoped there will be no further bloodshed, except in the case of putting down the insurrections which have broken out against Turkish rule in different parts of Asia Minor. It is hoped, however, that the Armenian clergy will be able to induce their coreligionists to lay down their arms, especially as the sentiment of the whole of Europe is now in favor of the sultan, whose evident desire to meet the views of the powers is thoroughly appreciated and has undoubtedly tided over a most difficult crisis in the east. There is no longer any talk of the armed intervention of the powers in the Turkish Empire, and if any display of force is necessary upon the part of Europe, it might be in the direction of supporting the authority of the sultan, as Great Britain, Russia and France are extremely desirous that order should promptly be restored throughout Asia Minor.

A dispatch received here from Tiflis, Russian Transcaucasia, says that the Armenian catholics has received a reply to the communication which he recently sent to the Russian ambassador here, M. de Nelidoff. It is as follows: "The Armenians of Constantinople are now reassured. They are threatened with no danger. In the provinces, however, there are regrettable conflicts which in most cases were caused by Armenians who were instigated by their revolutionary committees. The result is terrible revenge upon the part of the Turks in the shape of horrible massacres of Christians.

The sultan has sanctioned the scheme for reforms submitted by the three great powers, and preparations are now proceeding to carry them out. To this end it is necessary that the leaders of the people should persuade the latter to desist from revolutionary attempts, to abandon the idle hope of foreign intervention, to put a stop to all disturbances and co-operate in the re-establishment of universal peace, improving the situation, and in the introduction of the new order of things."

CONFICTING EVIDENCE.

Inquiry Into the Cause of the Cleveland Accident Begins.

Cleveland, Ohio, Nov. 21.—The most important witness examined yesterday at the coroner's inquest in the Central viaduct horror was Augustus Rogers, motorman of the ill-fated car which plunged into the river. He testified that the conductor ran ahead when the cars stopped at the safety switch and signaled him "All right;" that the glass in the vestibule was blurred by rain, and that he did not discover that the bridge was open until his car was within about thirty feet of the gates. He then turned off the current, set the brakes and jumped. He testified that he saw no red light, and believed, had there been one displayed, he would have seen it. He admitted that he had been misled by the fact that the electric cut-off provided by the street railway company as a safeguard was out of order.

Two other witnesses examined swore that the red light was displayed over the gates when the car struck them. In the afternoon several witnesses were examined to ascertain whether the red danger light was on the closed gates before the motor car went through them. Most of the testimony was that the light was in place. A battered lantern, still retaining fragments of a red globe, which had been fished out of the river under the draw, was identified by the bridge captain as the one which was on the gates.

Ship Boilers Were Unserviceable.

Victoria, B. C., Nov. 21.—The Express of China, just arrived from the orient, reports cholera practically extinguished in Japan and few interesting developments in the eastern situation. All the Asiatic coast when she sailed was looking to Kin Chow, where, on Oct. 18, a combined boiler and magazine explosion on the troop ship Kung Pai sent 600 men to death. The affair was fraught with peculiar horror, as a rough sea was raging and there was no chance of life overboard. The boilers were old and unserviceable and ordinary caution would have prevented the catastrophe.

Balfour Found Guilty.

London, Nov. 21.—Jabez Spencer Balfour, George Edward Brock, John Thomas Wright, and Morrell Theobald, charged with fraud and other offenses in connection with the management of the Liberator Group of Friendly companies, were found guilty. Sentence was postponed. George Dibley, who was tried on the same charges and with the other Liberator defendants, was acquitted.

Hayward's Sentence Confirmed.

Minneapolis, Minn., Nov. 21.—The supreme court yesterday filed its decision in the Hayward murder case, sustaining the lower court and refusing a new trial. Hayward is under sentence of death for the murder of Catherine Ging.

Harry Hayward turned pale when the decision was announced to him, but would say nothing more than, "It was just what I expected." He is apparently without hope. County Attorney Nye, to whom Gov. Clough has referred the fixing of the date of execution, will name Dec. 6 as the date.

WHAT IS GOING ON IN LABOR'S WORLD

UNITED MINE WORKERS OF AMERICA IN SESSION.

Many Important Points To Be Acted On—Co-Operative Trust Formed in Illinois—New York Strike Growing—Miners Get an Increase—A. R. U. Men Discharged.

Ottumwa, Iowa, Nov. 21.—A meeting of the representatives of district No. 13 of the United Mine Workers of America was held here yesterday. The principal object of the gathering is to prepare a number of amendments to various mining laws to submit to the next legislature. It is claimed by the miners that there are a great many laws in force now for the protection of the miners which are nothing more than dead letters. The miners claim that in some cases there are no provisions made to enforce them, and in other cases the only way they can be enforced is by the expenditure of money in litigation.

The second object is to strengthen the organization. The miners are anxious that the truck store be abolished; they want their salaries paid to them every two weeks. They will ask for a rectification of the alleged present evil in the weighing of coal. Plans will be submitted for the better ventilation of mines. More safety appliances in mines will be asked for.

A CO-OPERATIVE TRUST.

Illinois Coal Miners Hold an Important Meeting.

Peoria, Ill., Nov. 21.—A meeting of the coal operators along the lines of the Toledo, Peoria & Western, the Iowa Central and the Chicago, Burlington & Quincy railroads was held yesterday at the National hotel and the meeting was most important in its character. The business transacted is important, for it has to do with controlling the coal business, so far as the mining is concerned, for the West and Northwest, commonly termed the Peoria district.

Those present had little to say on the subject, but it was learned that it was decided to form a co-operative company. A committee of three will be selected from each road, and they will have direct management of the company, which will be incorporated under the laws of Illinois. They regard this as the only means of protecting their business. Operators along the lines of the Peoria & Pekin, Union, and the Chicago, Peoria & St. Louis were excluded from the meeting. The price to commercial men was advanced 25 cents per ton at a recent meeting and this subject was not considered yesterday.

Miners Get an Increase.

Pittsburg, Pa., Nov. 21.—It is learned from W. P. De Armit, president of the New York and Cleveland Gas Coal company, that he has made a contract with his miners for one year from Nov. 6 whereby he agrees to pay them 59 cents per ton. This is an increase of 9 cents per ton for his men, but still falls 5 cents short of the present rate. The conference between operators and miners is set for next Tuesday, and in order to discuss Mr. De Armit's latest move the miners have called a convention for Monday. General confusion in the coal trade is expected to follow the conference.

New York Strike Growing.

New York, Nov. 21.—The delegates of the housesmiths and bridgemen's union are said to have demanded that the delegates of all other unions call out their men in all cases where non-union housesmiths were employed in the event of being called upon so to do. In retaliation for these sympathetic strikes the Iron league is said to be contemplating a general lockout of all union men employed by its members. Such action would throw 40,000 men out of employment.

A. R. U. Men Will Be Discharged.

Devil's Lake, N. D., Nov. 21.—The superintendent and other officials of the Great Northern were here yesterday and put all employees through an examination as to whether they belonged to the A. R. U. Very few men could be found who would acknowledge they belonged to the organization. It is believed that the company will request those who are affiliated with the organization to withdraw from it or sever their connection with the road.

To Welcome Debts at Chicago.

Chicago, Nov. 21.—When Eugene V. Debs arrives here tomorrow evening an immense procession of workingmen will meet him. There will be a band and a drum corps in waiting to play "See the Conquering Hero Comes," and thousands of people will watch his progress to Battery D armory, where he will deliver an address.

Fort Wayne Strike Settled.

Fort Wayne, Ind., Nov. 21.—The Wayne knitting mills' strike has been settled and the strikers return to work as individuals.

New Half Mile Bicycle Record.

Denver, Colo., Nov. 21.—Harry C. Clark rode a half-mile unpaced in 59 seconds on the Denver Wheel club track yesterday, breaking William De-Carly's record of 1:00.2-5. The ride was made in a strong wind.

INDIANA REPUBLICANS.

State Committee Issues the Call for the organization Meetings in January.

Indianapolis, Ind., Nov. 21.—This year's "love feast" was the most largely attended the Republicans in Indiana have ever held. When the open meeting was called to order yesterday afternoon the commodious hall would not hold the crowd of 500. During the morning the state committee met and issued the call for the reorganization meeting in January. The precinct meetings will be held January 11 and the county committees will organize January 18. The district convention to elect members of the state committee will be held January 21, and the state committee will organize January 28.

Western Baseball League.

Chicago, Nov. 21.—At the session of the Western Baseball league yesterday a variety of matters was considered. It was decided to abolish the old rate whereby each club was obliged to contribute 10 per cent of the receipts of each game to the league. Hereafter they will be assessed \$1,000 each in order to fulfill their obligations to the league. This morning the question of the circuit will be considered. Columbus, Ohio, will be taken into the league in place of Grand Rapids, Mich. Applications for the franchise have been received from T. J. Loftus, Dubuque, Iowa; Bert Dasher, Indianapolis, Ind., and John J. Shipherd, Cleveland, Ohio. On the 1st and 15th of each month the clubs will be assessed alike to defray the running expenses of the association.

For Northwestern Settlement.

St. Paul, Minn., Nov. 21.—The Northwestern immigration convention continued its session yesterday with increased interest. Among the speakers was Archbishop Ireland, who delivered an address on "Emigration to the Northwest." A resolution for permanent organization was presented and adopted. The organization will be known as the Northwestern Immigration Board, and its members shall be the Northwestern states and Manitoba. Three members from each shall be appointed by the delegates to this convention who come from Wisconsin, Minnesota, North Dakota, South Dakota, Manitoba, Montana, Washington, Idaho, Wyoming, Oregon and Iowa

BIG TRAINS WAIT ON EVERY SIDING

THE RAILROAD BUSINESS WAS BOOMING LAST NIGHT.

Engineer Rowe Delayed Five Hours Between Janesville and Fond du Lac Owing to the Rush—Four Hundred Cars of Ten Cent Potatoes Go Through Here.

FOUR EIGHT trains are as thick as bees in a clover field on the C. & N. W. road these days. Engineer Martin Rowe of Kenosha, pulled his train into the Janesville yards at 7 o'clock this morning, he having been five hours late in reaching the Bower City. The delay was due entirely to the rush of business. Three or four times the train started to leave Fond du Lac, but, owing to the large number of cars they were hauling, they "stalled" just outside the city. There was nothing to do but back up and try it over again. They blocked a crossing at that city for four hours last night, and the whole crew were arrested, but the officers finally let them go. The train was due here at 2:15 a. m., but did not arrive until after 7 o'clock.

The "accommodation" arrived from the north on time, but they were kept busy dodging freight trains. On almost every side track between Janesville and Watertown a freight train was waiting for the passenger to go by. Several times of late the Janesville yards have been almost blocked.

Ship Many Potatoes.

Yardmaster Griffin was making his plans for a big day's business today. The shipments are mostly lumber, stock, grain and potatoes, while large numbers of empty cars are also sent back and forth. For the past four weeks large quantities of potatoes have also gone through Janesville, in most cases they being consigned to commission merchants in Chicago. These potatoes have been bought by Chicago agents who purchased them mostly in the region about Neillsville and Black River Falls. As low as ten cents a bushel has been paid for some.

"These shipments have greatly improved the railroad business," remarked a local official, "for I haven't a doubt but what four hundred cars have been shipped through Janesville in the past four weeks."

THE finest pen-and-ink drawings will be used in illustrating the Thanksgiving issue of the Gazette. "Chalk plates," which are ordinarily used, are not good enough for this occasion.

BIG TANK FOR FIRE PROTECTION

The Janesville Machine Company Make Improvements at Their Plant.

The Janesville Machine company are now erecting a large tank in the rear of their wood shop, their object being to provide additional fire protection. For some time past the company have been planning on this scheme and the contract was let to the Challenge Wind Mill Company of Batavia, Ill. Since last Friday workmen have been engaged in building a large steel tower the work being in charge of Foreman D. W. Bradley of Batavia. The tower rests on a stone foundation, its height being fifty feet. Upon this will rest the tank with a capacity of 300 barrels its size being 12 by 16 feet. With three hundred barrels of water fifty feet in the air the Machine company expect sufficient pressure to throw considerable water.

THE charming illustrated military Thanksgiving story by Lieutenant Trigg will be published in The Gazette's special Thanksgiving number.

Goods Made For Critical Men.

"I FEEL IT IT MY BONES."

Rheumatic Persons Perfect Barometers.

Not a Foolish Notion, But Explainable on Scientific Principles.

Some Account of a Painful and Deforming Disease.

Many persons claim that they can foretell changes in the weather, the only explanation for their knowledge being that "they feel it in their bones." This is not a foolish notion.

The nerves of persons suffering from rheumatism are more highly sensitive than those of other people, and for that reason they are more easily affected by any change in the atmosphere.

How few of us are exempt from this common disease. After some exposure to wet or cold, there are slight chills, lassitude, no appetite,

bitter taste in mouth, coated tongue, and excessive soreness, lameness and swelling in some joint, muscle or portion of the body. The pains shift from one place to another; sometimes the disease may settle in the back, or chest, and one can scarcely breathe without a short pain; the shoulder or arm may be affected, or the rheumatism may settle in the feet and legs.

At any time there is danger that the rheumatism may attack some vital organ like the heart and carry off its victim.

The seat of the disease is the blood and nerves. Get the blood and nerves right and you remove the cause of the trouble.

Mr. Daniel A. Foster, of Wentworth, N. H., who has been suffering for years, at last found prompt relief from pain and describes it in the following letter:

"I have been in an extremely nervous condition," said Mr. Foster, "I had the grip so that I was unconscious for several days for most of the time. I have had the rheumatism for several years enough to kill a man. When I had the grip everybody thought I would die, but I pulled through. I have used medicine, every kind that we could hear of but did not do me any good. I have had many doctors prescribe for me, but they didn't hit my case.

"I saw Dr. Greene's Nervura blood and nerve remedy advertised and watched the papers to see how people talked in the papers, and saw it so well recommended that I went down and got a bottle. That did me so much good that I went down and got another bottle, and that helped me still more. I have now used five bottles, and can truly say that it has helped me more than all other medicines and doctors put together that I have ever used. I have had the rheumatism so badly that I could not sit up or dress myself, and I thought I knew what pain was, but not before. But now that is all gone. I have not an ache or pain and I work every day and do as much work as any man in town.

"Dr. Greene's Nervura blood and nerve remedy was what cured me and I cheerfully recommended it to others as the best medicine I ever used."

Mr. John A. Davis, postmaster of the town of Wentworth says:

"I am personally acquainted with Mr. Daniel A. Foster and have known him forty years and can vouch for the truth of his story, for I had known of his case.

Mrs. Daniel Foster also used Nervura and adds her recommendation:

"I never take medicine if I can possibly get along without it but sometimes I can't. My food distressed me and soured in my stomach causing considerable gas. This gave me great pain. I was also very sleepless and at times could not get the refreshing sleep so much needed.

When these spells came on I used Dr. Greene's Nervura, and the result was that I slept soundly and was refreshed.

It also relieved me of the distress of dyspepsia. I cordially recommend it to all as the best medicine I ever used."

The immense benefit which Mr. Foster derived from the use of Dr. Greene's Nervura, the great blood and nerve remedy, is shown by the quickness with which the pain disappeared.

The entire system is nourished by the nutritive and strengthening properties of this safe and valuable cure.

Why not try it today? Do not wait for the pain to pursue you into every part of your body, leaving you with terrible deformities. Remember that this wonderful remedy is the discovery of the great specialist, Dr. Greene, of 35 West 14th St., New York City, who can always be consulted personally or by letter, free of charge.

It causes health to bloom, and joy to reign throughout the frame.

IT NEVER FAILS TO CURE.

"My wife has been under treatment of leading physicians three years, without benefit. After using this medicine for a month she can do her own cooking, milking and washing."

RYAN IS SET FREE ON A CONDITION

BELOIT MAN MUST LEAVE THE COUNTY.

If He Comes Back, the Case Against Him For Resisting an Officer Will Be Pushed—Real Estate Commission Case Now Before Judge Bennett—Other Business.

Patrick Ryan, better known as "Boliver" was today given his liberty with a string tied to it.

Ryan is a resident of Beloit, and while on a spree some time ago, he beat a Beloit policeman who tried to arrest him. For this he was arrested, the charge against him being that he resisted an officer. The case first came up in the municipal court, but Ryan asked for and got a change of venue to the circuit court. He appeared in person and by his attorney J. L. Mahoney, before Judge Bennett this morning; waived the reading of the information and pleaded guilty.

Attorney Mahoney then moved that sentence be suspended on the condition that Ryan leave the county and stay away. District Attorney Jackson agreed to this arrangement so the court ordered that Ryan be discharged.

Salv Over a Commission.

The court is now engaged with the case of James E. Burton against De Mott Van Valen. This is an action in which a commission for the sale of real estate amounting to some \$600 is involved.

S. Bishop and M. G. Jeffries appear for the plaintiff and Sutherland Nelan for the defendant. After the jury had been drawn and the case begun, the attorneys for the defendant moved for a non suit, on the ground that the complaint did not state a ground for action. The motion was overruled.

In the case of L. F. Holloway against M. N. Castleman, E. C. Johnson was appointed receiver, the case growing out of a partnership.

On motion of Ogden H. Fethers, Judge Bennett adjourned court until 3 o'clock in order that such of the attorneys as had been invited could attend the Norcross-Ruger wedding.

Other Cases Passed Upon.

The case of John Kinsley against the C. M. & St. P. company in which the plaintiff seeks to recover damages for injuries received in the employ of the company as flagman, was set for November 29.

The case of Emma Belle Cary against Martin J. Broderick was continued for the term.

The case of J. M. Evans, Jr. against James Hall was settled.

The case of Frank Crosier against Joseph L. Bear and Elbert H. Cornwell was discontinued.

The jury was waived in the case of James Ryan against Thomas Hanlon and the case will be tried by court. The plaintiff was given leave to amend the complaint.

Several Cases Considered.

SKATING ON THE GAS POND ICE
Venturesome People Tempt Fate Yesterday Afternoon and Last Night.

The first skating of the season was indulged in yesterday afternoon near the gas house, and a good sized crowd participated. Last evening a number were out on the ice, but it is hardly safe yet, and great care should be taken.

With the Regularity of Shuttle.

and nearly as swift the trains of the Lake Shore & Michigan Southern Ry. make their trips between Chicago and New York, weaving closer and closer day by day the many mutual interests of these great commercial centers of the United States. Departing from the VanBuren street station, located in the heart of the business district of Chicago and arriving in New York at the Grand Central station, 42nd street the popularity of this line in point of time and convenience is readily understood. It seems almost superfluous to add that for this service the equipment embodies all that is new and modern in the art of car building, apparently nothing that would give one a feeling of safety, comfort and luxury, has been overlooked. LOVED HIS FAIR CLIENT.

And He Paid the Penalty With His Own Life.

Lawyers are ordinarily supposed to be cold-blooded and cautious, but Eugene Carre, the Paris advocate who shot himself in consequence of a domestic scene of exceptional vivacity, must have been otherwise constituted. While pleading in the divorce court the cause of a lady who was struggling to get out of the matrimonial cage he fell in love with her.

She was so moved to admiration by the eloquence of her advocate that she had hardly breathed the air of freedom again before she married him. She had a good fortune and he had a first-rate practice. They were both well calculated to shine in society by the sprightliness and Parisian tone of their conversation, and they became familiar and notable figures in literary and political salons.

Mme. Carre's appearance was remarkable. She was still young, but her hair had turned white. She looked like a youthful marquise poudree of the last century. She received her friends twice a week, and on the afternoon of the tragedy her salon was as full as usual. At length she took leave of her last visitors. Among these was a lady who had called to see her privately. She was greatly agitated. She was the wife of a gentleman between whom and Maitre Carre a duel had been secretly arranged, and she had resolved to tell this to Mme. Carre, with the hope that she might stop the hostile meeting.

"But what is it all about?" asked the lawyer's wife.

"About me," replied the visitor.

"Oh!" Presently Mme. Carre walked into the room where she knew her husband was, and the conversation soon became extremely animated. M. Carre was heard to say: "Nothing then remains but to die!"

"Nothing," replied the lady as she rushed off to her own room with the intention of poisoning herself. This design, however, was frustrated, and the report of a pistol brought her back to the room where she had left her husband. A friend entered at the same time.

M. Carre was still standing, although the blood was pouring from a bullet wound in the temple. As he fell upon the ground his wife screamed, "I forgive you! I love you!" Then before her intention was realized she seized the revolver and fired a bullet into her own head. She fell lifeless, whereas her husband lingered an hour or two.

One thought is in every mind with respect to this terrible drama of domestic life. It is expressed by the words "How Parisian!"

What a Man Got On a Bargain Counter

What good is a suit of clothes to any man if the price is real cheap and the coat is size 38, the vest 36 and the pants 46 waist unless he has brothers to give the odd pieces too? He has paid a good price for the one garment that fits him. It pays to buy a suit that goes together if it does cost a trifle more. Frank H. Baack.

Importance of Healthy Blood.

Every drop of blood that circulates through the veins eventually becomes a solid particle of the body. Flesh, bone and muscle are merely solidified blood, and upon the quality of the blood depends the condition of the whole physical system. Unless the liquid material by which the human substance is renewed and sustained is pure and nutritious, it is impossible that the body can be healthy and strong.

One of the greatest important properties of Hostetter's Stomach Bitters is that of improving the condition of the vital fluid, when infected or impoverished. Acting directly and powerfully on the stomach, in which the manufacture of the blood is commenced, and upon the liver which secretes a fluid next in importance to the blood itself, this powerful vegetable tonic and diuretic has an immense indirect influence upon the circulation. Hence the extraordinary cures wrought by the Bitters in cases of general debility, malarious fevers, rheumatism, biliousness, constipation, &c.

THANKSGIVING PROCLAMATION

Governor Upham Officially Designates the Day.

The following Thanksgiving Day proclamation has been issued by Governor Upham:

"Following the honored custom which the fathers of this country established, and in conformance with the proclamation of the president of the United States, I, William H. Upham, governor of the state of Wisconsin, do hereby set apart Thursday, the 28th day of November 1895, as a day of public thanksgiving.

"During the year now drawing to a close our state has been blessed with a high degree of prosperity, and with a marked freedom from calamities. It is fitting therefore, that a day be set apart, in which all may join, either in their homes or in public places of worship, to render thanks and humble acknowledgment to the kind Providence who has vouchsafed to us these blessings."

The Gazette's Thanksgiving number will be the most artistic publication ever issued from a Janesville newspaper office. Advertising in it will be valuable. Make your contracts now.

LEAF BUYER AT CLEAR LAKE.

Crop Can Be Taken Down the First Dam Day.

Clear Lake, Nov. 21.—There was one tobacco buyer seen on our streets this week. This is the first one we have seen this year and he said he was coming again soon. The new crop is ready to come down now as soon as it comes in case. There will be a great deal less tobacco to strip this year than usual. Quite a good many sleighs are seen on the road. George Buten sold his hogs yesterday and also Archie Hadden. They are getting scared of the cholera. Mr. Paxton has purchased a new feed grinder and stalk cutter combined to put on his farm. George Buten has traded horses again with Varnum Price, of Milton Junction. Mrs. L. Gilbertson spent Tuesday and Wednesday with her daughter. The snow storm was a genuine northeaster, and it looks as though we were going to have winter again.

THE Gazette's Thanksgiving day issue will come out next Wednesday. Thursday we will rest, and we think you'll say the handsome issue entitles us to "a day off."

THE JANESEVILLE GAZETTE

THE OFFICIAL CITY PAPER.

THIS DAY IN HISTORY

1570—Sir Thomas Gresham, English economist, died in London; born 1519.
 1595—Sir John Hawkins, English naval officer who served with distinction against the Spanish armada and was associated with Sir Francis Drake in American expeditions, died.

1635—James Hogg, the "Ettrick Shepherd," died; born 1570.

1880—Charles Francis Adams, author and diplomat, who was United States minister to England during the civil war and an arbitrator in the Alabama claims case, died in Boston; born there in 1807.

1893—Hon. Jeremiah McLain Rusk, ex-governor of Wisconsin and a member of Harrison's cabinet, died; born 1830.

A CONGRESS NOT TO BE FORGOTTEN.

Democratic papers are about as harsh as republicans on the last congress. Says the Madison Democrat: "The last congress has much to answer for. The derelict members of it will by no means have paid the penalty for their fool statesmanship even after they have been retired to private life, as most of them already have. Their evil doings live after them."

The democratic party will suffer for a long time to come from the shameless record they left. In the elections of the last two years the public disgust and distrust were strongly embalmed in verdicts at the polls. Good men were flayed for the sins that the job lot of democratic incompetents that dawdled with important legislation while the country was in the throes of a fearful panic and begging pitifully for succor.

NO APOLOGIES NEEDED.

Minister Bayard can get a pointer from Major Handy regarding his London speech. The major relates that when the World's Fair commission was entertained by the lord mayor of London at a Mansion House dinner, Hon. Ben Butterworth made a speech in which he sought to please the Britishers by criticizing the McKinley law, which had just been passed. Thereupon, Judge (now Senator) Lindsay, of Kentucky, said, "Look here, Butterworth, you are a republican and I am a democrat and a free trader and an ex-confederate soldier, but by — I want you to understand, old fellow, that I don't come abroad to apologize for or criticize the laws of my country."

TIME FOR MANY CHANGES.

Unless the situation changes wonderfully the presidential election next year will be fought out in the republican convention. In the six months that must elapse before that time there is ample time to launch a few more presidential booms. There is also time to bury a goodly proportion of those that have already been launched. In six months so many turns may be taken in the party wheels that some one candidate may secure a nomination without substantial opposition. But this is not likely to happen in either of the great conventions and dark horses will stand a poor chance.

How many Janesville people realize that nowhere in the state is a better grade of high school work being done than right here at home? And how many have paid any attention to the deficiencies in lower grades due to the hiring of our best teachers from time to time by other cities.

Think of Henry Watterson calling the democratic party "merely an agglomeration of quiddities!" And he the man who prated of the "star-eyed goddess of reform" no longer ago than yester eve.

What will Cleveland talk about in that new message? He can't say much about the poverty-stricken condition of the country for the last three years, without reflecting on his own administration.

Senator Briar, Senator Hill and Governor Altgeld all say they are out of politics. They will have plenty of democratic company after next year.

One good thing about the coming session of congress—there won't be any tariff debate and there won't be any silver controversy.

Why don't they give Cleveland another nomination so that the people can have a chance of getting square with him?

HAVE ENTERED INTO PEACE

Charles Elroy Hagar.

Charles Elroy Hagar, son of Mr. and Mrs. A. Eagar, 257 Center avenue, died last evening at 8:30 o'clock, aged three years and six months. The little one was taken sick only last Monday with membranous croup, but the disease's work was swiftly done. The funeral services were held this afternoon, from the house, Rev. J. C. Koerner officiating. The interment was made at Oak Hill.

Mrs Alice Thompson Warner.

Word has just been received in this city from Mrs. Mary L. Fockler that Mrs. Alice Thompson Warner an old resident of this city passed away at seven o'clock last evening at her home in Hudson, South Dakota.

A RELIABLE PILE CURE.

The Pyramid Pile Cure is the safest and surest pile cure on the market, because it contains no mineral poisons nor opium nor cocaine, but can be used with absolute safety and certainty of cure.

Many physicians are now using the Pyramid Pile Cure in place of surgical operations, being painless, convenient to use, and the patient can attend to his daily occupation while the cure is being made, as it is used at night and no additional treatment is necessary.

Dr. Wharton says the Pyramid Pile Cure will prove a blessing to mankind, when it is remembered that heretofore a surgical operation was considered the only cure with all its danger to life, intense pain and an expense of from ten to one hundred dollars, to say nothing of the possible return of the trouble. The Pyramid Pile Cure is sold by druggists at 50 Cents and \$1.00 and does the work quickly and safely.

A book on cause and cure of piles will be mailed free by addressing Pyramid Co., Albion, Mich.

GETTING THERE.

We have the largest stock of Woolens in Rock County—we have too many and fulls realizing the fact that but six weeks remain before the season closes—we propose to reduce our stock of Woolens if real low prices will do it. We have enjoyed an exceeding good trade since the first of August "Thanks" and have kept our tailors all busy and all of the time (in the shop not in the store). We are anxious to RUSH 'EM for the next six weeks, so we will make prices on Suits, Overcoats and Pants that will make them sell. First-class Suits, guaranteed all wool and reliable colors, \$20 and upwards. Overcoats in Melton, Beaver, Shetland or Chinchilla \$25 and up. These goods are worth more but we have too many and prefer to cheapen now than later. You know us for veracity.

KNEFF & ALLEN

IT WORRIES SOME PEOPLE!

The storekeepers of Clothing are very much displeased with us because we insist on low prices. They say: Why don't you stop selling those All-Wool Men's Suits for \$5 and \$6.75? You know well enough there's no profit in such business. Now you're selling Overcoats at the same price.

To be frank with you, we are desirous of pleasing the numbers that crowd our store—that come with a purpose to save money. We've pleased them to such an extent that they not only come and come again but send everybody within their reach.

Today you'll find our store filled with your neighbors and with others who don't live within ten miles

of you. They're all, like yourselves, investing their money where it fetches the best clothes. Now come along and choose your Winter Clothes. You'll be more interested in what your wages bring.

All-Wool Suits Will Go for \$5.00.

Good, All-Wool Overcoats—Yes, \$5.00. Great Storm Coats, \$5.00.

There will be a crowd of Overcoats find new owners here today sure. Another crowd will secure \$5 and \$6.75 Men's Suits. Here, you're certain again of all wool. Always making, always selling--these \$5 and \$6.75 Men's Suits have no equal for value. Guaranteed just as fully as if we were getting \$10 and \$12 for them, like anybody else.

Boys' Clothes share same low prices. Big boy, \$5; small boy, \$2.50 up. We're artists in clothing boys.

THE SUNDAY SCHOOLS OF THE COUNTY ARE PROSPEROUS.

During the Last Year They Raised \$4,673.43—The Second Congregational Church of Beloit Carries Off the Banner for Membership, Having 340 Pupils Enrolled.

The Rock County Sunday School convention held at Clinton was a great success both in attendance and interest. Pres. J. T. Wright makes the following statistical report showing 112 schools and 10,000 members less 128. The contributions last year were \$4,673.93. The banner school in numbers is the Beloit Second Congregationalists with 340. The leader in raising money for mission the Scotch Presbyterian school of Johnstown where \$242.26 was raised last year. For home expenses there was raised \$45 making a total of \$387.20.

PROCEEDINGS IN POLICE COURT

Several Offenders Were Fined by the Municipal Judge Phelps Today.

John Mosher, a traveling cigar maker who was arrested while in an intoxicated condition by Chief Acheson, pleaded guilty to the charge in Judge Phelps court this morning and was sent to jail for three days.

Romaine C. Holdredge and Charles Shumaker were also defendants before the bar they being charged by Officer Hogan with creating a disturbance on West Milwaukee street. A penalty of \$5 and cases was assessed against them amounting to \$7.90 in all. Holdredge denied the charge but pleaded guilty, as he said to save trouble.

Chief of Police Acheson was the first officer to comply with the county board's resolution cutting officers' fees to 75 cents each in cases of drunkenness, etc. The chief said if that was the law he would comply with it, so when John Mosher was taken into court, the chief made his returns for \$1 cent on the warrant—75 cents for service, etc., and 6 cents for committing the prisoner.

LONG RIDE TODAY.

Box Twenty-One, on North Main Street, Was Pulled for a Blaze Near the Second Ward School—Loss Will Be About \$250, Probably Insured.

The residence of E. F. Hall, 258 Glen street, which was being rebuilt, will require quite extensive repairs as the result of a fire this morning.

Mr. Hall built a fire in the stove to heat the building so that he could work therein. The fire, in the meantime, was attending to business, and soon smoke began to pour out of the building. Someone hurried to box 25 at the corner of Glen street and Milton avenue, and pulled the hook down, but in the meantime, some one else had pulled box 21 at the corner of North Main street and Fourth avenue. The indicators in the fire station showed "21," so the department started for the Fourth avenue bridge. The box calls for the aerial ladder, so the big truck responded.

A Reckless Foe.
Mrs. Jimson (whispering)—See that man? He's a lady killer.
Mrs. Bilsom—Huh! He isn't handsome.
“Oh, I don’t mean that kind. He’s a regular killer, a murderer.”
“Ooo!”
“Yes. He married a beautiful coquette, who treated him so heartlessly that he has sworn eternal enmity to all women. It’s awful!”
“But how does he kill?”
“He rides about in crowded street cars, and whenever a lady gets in he jumps up and makes a bow and offers his seat quick as a wink. They always drop dead.”—N. Y. Weekly.

Real Excitement.
“Yes,” said the meek-looking man, “Tee no doubt you’ve had some great hunting experiences in the west.”
“I have indeed.”
“Buffalo hunting—”
“Sure.”
“And bear hunting—”
“Of course.”
“Well, you just come around and let my wife take you house-hunting and bargain-hunting with her. Then you’ll begin to know what excitement is.”—Washington Star.

Mighty Poor Economy.

Shiftkins—I tried to economize by marrying my typewriter.

“Good idea.”
“No, it wasn’t. She refuses to do any more typewriting, demands two servants to take care of her, and insists that my next typewriter shall be a man, although men want larger salaries.”—N. Y. Weekly.

Company Shocked.
The other evening there was company at his home and the children were brought in to be shown. One of the visitors took a fancy to Johnny and asked him what he would be when he became a man.

“I reckon I’ll be hung,” replied the youth. “Father says that’s what I was born for.”—Louisville Post.

A Great Head.
Sapsmith (triumphantly)—Ba, Jawee, deah boy, I’ve got a gweat head for business!

Moanah—I wondah!
Sapsmith—Yah! Owed me tails neatly foah hundfew dollahs, dawnt ye know, and he put the account up at auction, and, baw Jawee, I bought it foah seventeen cents!—Harper’s Bazar.

The Benefit of the Doubt.
Matron—Now, is this novel a fit one for my daughter to read?
Bookseller—H’m. Well, candidly, madam, I think it a book of doubtful morality.

A TONIC DINNER DISH.

What We Eat When We Have Asparagus for Dinner.

Its Effects on the Kidneys.

Sick Kidneys, and How To Cure Them with Sparagus Kidney Pills.

Kidney Nerve Troubles.

So-Called Nerve Troubles, Caused by Sick Kidneys and Unfiltered Blood.

The Sick and Well of It.

A great deal of our food and drink is medicinal, and we don't know it. Sometimes the effects are good sometimes bad.

Asparagus is really a dish of medicine.

It is pleasant enough.

The most modern medicine is.

But the effects are not very strong the way we eat it. The real strength is in the root, and we don't eat that.

The root of asparagus cures kidney troubles and blood troubles.

The two are closely allied. In fact, one causes the other. Kidney troubles cause blood troubles. Blood troubles cause kidney troubles.

This may seem peculiar, but it's true.

To explain: Well kidneys are filters. Clogged kidneys are rot. Clogged kidneys cause blood troubles because they don't filter the blood, and unfiltered blood is poisonous.

On the other hand poisonous blood poisons the kidneys. The fact that the kidneys are clogged makes them all the more sensitive to the poison. You get diabetes, Bright's disease, etc. The unfiltered blood has caused them.

The way to get well from all this trouble is to cure the kidneys. They will then filter your blood.

Pure, nourishing, strengthening blood is a guarantee of health.

But how to cure the kidneys, to make them perfectly well and strong, to regulate them, tone them up and clear up their clogginess?

The answer is: Do it with asparagus. Do it with Dr. Hobb's Sparagus Kidney Pills.

Kidney diseases are Bright's disease, diabetes, nephritis, sleeplessness, backache, sideache, nervousness, civil forebodings, swelling of the feet and ankles.

Blood troubles are rheumatism, gout, neuralgia, anaemia, pale and sallow complexion, chloris, depression of spirits loss of ambition; dizziness, etc.

Dr. Hobb's Sparagus Kidney Pills cure all these ills and disorders, easily gently, perfectly.

They act on the kidneys. They cure the kidneys. Whatever disorders clogged kidneys cause, Dr. Hobb's Sparagus Kidney Pills cure. But that is all. They can't do any impossibilities.

If your sickness is due to your kidneys, be sure that Dr. Hobb's Sparagus Kidney Pills will make you well. If not, not.

Many diseases not generally understood, are now known to be caused by unfiltered blood, that is, sick kidneys.

Not all nervous disorders, but many of them, are generally known to be caused by unfiltered blood. Dr. Hobb's Sparagus Kidney Pills will cure them.

Unfiltered blood contains as its chief impurity uric acid. This is a strong nerve irritant.

It causes headache, neuralgia, dizziness, hysteria, gout, rheumatism—a long train of nervous disorders.

As soon as the blood is pure, the irritation will pass, the disorder will be cured. Dr. Hobb's Sparagus Kidney Pills will do it by curing the kidneys.

Something quite as important as medicine is hygiene. Care of your health. The science of how to live and eat.

Dr. Hobb's Sparagus Kidney Pills will cure your ills, but if they come back the blame must be laid on you.

For if you work, worry and eat and drink with no regard to the laws of health, there is nothing under the sun that will keep you in perfect health.

You can make your kidneys well with Dr. Hobb's Sparagus Kidney Pills, and with them perhaps one-third of the diseases which you have been taught to think incurable.

You can keep them well by taking a little care of yourself.

Dr. Hobb's Sparagus Kidney Pills are for sale by all druggists, or will be mailed prepaid to any address for 50 cents a box.

A free book, "A Filter for Your Blood," illustrated, telling all about the kidneys, mailed on request. Hobb's Medicine Co., Chicago or San Francisco.

Seeking Personal Information.

The man who knows it all had been talking, and in his superior way had settled every question that had come up, until the quiet little man was moved to speak.

"Will you grant me one little favor?" he asked humbly, as became a man who realized that he was addressing one who knew it all.

"Certainly," replied the other. "What is it?"

"Well, will you kindly permit me to know something about one or two subjects in which I am personally interested if I will concede all the knowledge of everything else to you?"

After that there was a lull in the conversation that seemed to indicate that permission had been given.

The only place in the city where you can find the Boston bag is at Bort, Bailey & Co's.

SAILORS STICK TO CASTOR OIL.

Large Amounts of the Drug Used by Those Who Flock the Seas.

Just below the Produce Exchange in New York is a neat looking drug store which has a peculiar line of trade. The proprietor has been in the business for almost a quarter of a century and if the adventurous youths who hanker to be sailor boys only knew how many thousands of gallons of castor oil the druggist has doled out in his time to the ships' captains the said youth would decide to hunt adventures on land. This drug store fits out ships with medicines. Anybody who has had any experience with the merchant service knows that the captain is usually the only M. D. aboard and that his knowledge was never gained in any college of pharmacy or medicine. In the office of the United States shipping commissioners is filed a record of the trip of every ship that takes a crew from United States ports. It is virtually a private diary kept by the captain for the benefit of the government—not matter what happens, the amount and number of the doses of medicine administered to the crew and to each individual of it are set down with the minutest details. It appears from these diaries that the most popular and potent medicines known to captains is good old-fashioned castor oil. No matter what is the matter with Jack he gets castor oil. None of the new-fangled variations of it are prescribed. The proprietor of the drug store bears out this statement. He says that more castor oil is administered to sailors than any other medicine, unless it may be salts and senna. No captain will sail without a liberal supply of both. Often times a captain has reason to believe some of his crew are shamming illness, and then the castor oil is administered in doses to bring any man to his sober senses. Among the medicines in the captain's chest are rhubarb, quinine, Jamaica ginger and paregoric and certain old-fashioned patent medicines. No modern discoveries in that line are allowable. So this druggist keeps on hand for his shipping patronage patent medicines that the modern patent medicine fiend never heard of—they date so far back. Little sugar pills don't go with captains. Medicine is administered to a sailor with the idea that the worse it tastes the more apt the sick man is to think it is curing him. Sailors scorn little sugar coated pills.

KILLING A BIRD.

How the Act Affected a Boy with a Toy Gun

A ten-year-old boy of Newtonville was given a toy gun by his father, who laughingly promised him a dollar for every crow he would shoot. Highly elated with his gun, and sanguine of earning a small fortune by shooting crows, the young sportsman spent the greater part of two days in a field watching for the birds. Not a crow came near him, greatly to his disappointment, and he reported his ill-success to his father, who said, to comfort him:

"Well, never mind the crows. I'll give you half a dollar for any kind of a bird you can shoot."

Early the next morning the boy, gun in hand, took up his position in the back yard to watch for sparrows. A half-dozen or more unwary birds soon appeared to pick up the crumbs that he had thrown out to lure them within reach of a shot. At a movement on his part the sparrows rose, and the boy fired.

One of the birds was hit and fell to the ground, where it lay for a minute fluttering its wings, and then became motionless. The boy went forward, picked it up and looked at it. The poor little head hung limp—the shot had broken the sparrow's neck. For a moment the boy stood contemplating the dead creature in his hand; then he turned and fled to the house.

"Oh, I've killed it! I've killed it, mamma!" he cried, in a shocked tone. "It can't fly any more!" and all that day his lament was, "Oh, I wish I hadn't done it! I wish I hadn't done it!"

His father, who had not supposed the boy in any danger of hitting a bird, tried to solace him with the half-dollar and suggestions of what might be bought with it.

"No, papa," was his sorrowful answer. "I don't want it. I wish it could make the sparrow alive again. I never thought it would be like that to kill a bird."

"And," said his father, in concluding a story, "I was more pleased at the end of my boy displayed than I could have been had he become the shot in the state."—Youth's Companion.

Concealing Chicago Traits.

One—"My George, I never heard of a place like that wouldn't blow and about his confounded town as though it was the only town on earth."

Other—"I know of one that won't."

One—"I'll give \$10 to see him. Where is he?"

Other—"On this train."

One (Jumping up and looking around)—"Where?"

Other—"Out in the baggage-car in a long box."

She Laughed.

George—"You are not calling on Miss Stetson any more, eh?"

Jack—"No, I got disgusted. She has such a coarse laugh."

George—"I never noticed that."

Jack—"You would if you'd been with me hearing when I proposed to her."

He Didn't Go.

Mr. Citiman—A friend of mine has invited me to accompany him on a yachting cruise, but I suppose you'll be angry about it, as usual."

Citiman—"No. The Society Chit-chat says that mourning hats were never so becoming as they are this season."

After that there was a lull in the conversation that seemed to indicate that permission had been given.
